

Matchstick puzzle 1

1. The cherry in the glass

4 matchsticks can be placed as shown to make a wine glass. A round cherry has been put inside the glass.

Can you, by moving 2 matchsticks only and not touching the cherry, re-make the glass with the cherry outside?

Anyone seen my cherry?

Matchstick puzzle 1 - answer

1. The cherry in the glass

First of all slide matchstick C across to make a shape like this:

Then move matchstick A across and down as shown.

Well, that was a lot easier than I thought!
